## MESSAGE

"Definiteness of purpose is the starting point of all achievement".

- W. Clement Stone

Great deeds have always a humble beginning. Stumbling blocks usually pave way to achievement.

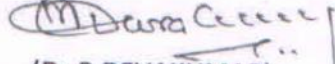

The desire of attainment pervades in us. What prevents us from actuating our plans is either deferring the execution or be influenced by assumptions. Our dear students are not trapped in the succession of any negative purview. Their imaginations soar high till zenith and therefore they are able to carve a niche in the vast span of success. The role of facilitators of education is to trigger their capacity of creativity.

The Annual School Magazine is the surface on which our stakeholders build castles of their beautiful imagination. As the students climb the ladders of education through progression of classes, their inherent potential too continues to proceed and many a times their one stroke of thought becomes a masterpiece.

I have all the faith in my beloved students and their guides and mentors that they have nurtured the best within them to produce this wonderful bundle of literary and creative articles.

I applaud their sincere efforts as well as wish them all the best in their future pursuits.

Best Wishes,

  
(Dr.P.DEVAKUMAR)  
Deputy Commissioner

The environment with its treasures  
All is so countless to measure.  
In the deep blue waters, fishes go to drive  
Life in the sea, is so alive.

Grasslands and forests with terrestrial life,  
Cold, freezing mountains are rife.  
And hot, tiring deserts are like vive  
Life among the trees and sands, is so alive.

Sky so blue with air so clean  
Only sun, moon and stars to see  
Eagles and Vultures take their turn  
Life in the sky, is so alive.

## POEM

S.RASHIKA IX 'C'

*My teacher told me to write something,  
But I found it foolish to write anything.  
I was looking at nature outside the window,  
I found a small creature eating a minto.  
I looked at the trees bending and dancing  
& saw a small boy crossing the fencing.  
I saw the birds chirping on the ground  
& someone climbing on the little mount.  
I saw the vehicles moving around,  
I looked at the little green grass  
& saw a bundle full of mass.  
I remembered my early days at school,  
Where I used to make others fool.  
Where I came from the school in the rain,  
& doing "**chama cham**" on the lane.*

## MISSILE MAN OF INDIA

By:- Vishnu Priya X 'B'

**A.P.J. Abdul Kalam Sir** , in full **Avul Pakir Jainulabdeen Abdul Kalam**, [born October 15, 1931, Rameswaram India—died July 27, 2015, Shillong], Indian scientist and politician who played a leading role in the development of India's missile and nuclear weapons programs. He was President of India from 2002 to 2007.

Kalam earned a degree in aeronautical engineering from the Madras Institute of Technology and in 1958 joined the Defence Research and Development Organisation (DRDO). He soon moved to the Indian Space Research Organisation, where he was project director of the SLV-III, India's first indigenously designed and produced satellite launch vehicle. Rejoining DRDO in 1982, Kalam planned the program that produced a number of successful missiles, which helped and earned him the nickname "Missile Man."

From 1992 to 1997 Kalam was scientific adviser to the defence minister, and he later served as scientific adviser (1999–2001) to the government with the rank of Cabinet Minister. His prominent role in the country's 1998 nuclear weapons tests established Kalam as a national hero. Although the tests caused great concern in the international community. In 1998 Kalam put forward a country-wide plan called Technology Vision 2020, which he described as a road map for transforming India from a less-developed to a developed society in 20 years. The plan called for, among other measures, increasing agricultural productivity, emphasizing technology as a vehicle for economic growth, and widening access to health care and education.

In 2002 India's ruling National Democratic Alliance (NDA) put forward Kalam to succeed outgoing President Kocheril Raman Narayana. Kalam was nominated by the Hindu nationalist (Hindutva) NDA even though he was Muslim, and his stature and popular appeal were such that even the main opposition party, the Indian National Congress, also proposed his candidacy. Kalam easily won the election and was sworn in as India's 11th president, a largely ceremonial post, in July 2002. He remained committed to using Science and Technology to transform India into a developed country. In 2007 Kalam left office and was succeeded by Pratibha Patil, the country's first woman president.

Kalam wrote several books, including an autobiography, *Wings of Fire* (1999). Among his numerous awards were two of the country's highest honours, the Padma Vibhushan (1990) and the Bharat Ratna (1997).

### Some of his inspiration quotes

*One of the very important characteristics of a student is to question.*

*It is very easy to defeat someone but it is very hard to win someone.*

## ESSAY WRITING (SHREYA .A)

### TOPIC : SWACHH BHARATH.

Swatchh Bharath mission aims at cleanliness. Cleanliness is everywhere, but our honourable Prime Minister , Narendra Modiji , started this mission on 2<sup>nd</sup> October 2014, 145<sup>th</sup> birthday anniversary of Mahatma Gandhiji to make it more clean. Our Prime Minister promised that they will make India a clean and green city within 2019. The government has started this Swatchh Bharath mission everywhere in India. The government has started to develop roads, sanitation , toilets and many other facilities. This mission has been appreciated by other people of various continents. This mission is to make India a clean country. If we keep our surroundings clean there will be no diseases and other problems . This mission is being improving day by day. It is implemented in schools, hospitals and every other place. Cleanliness is indeed next to Godliness. For example Mysore in Karnataka is a clean place where everyone loves to go but why can't we make our place clean and tidy so that everyone visits my home town Kolar, BEMLNAGAR KGF. I love to live in the place BEMLNAGAR where there is no stinky place. In future we all will gather and make our BEMLNAGAR neat and tidy. This mission helps everyone to keep their surroundings neat and clean, “Clean city , dream **city yahi meri dream city.**”

Swatch Bharath Abhiyan is a cleanliness drive aimed to cover 4041 statutory cities and towns all over India in order to clean the streets and other infrastructure. Swatch Bharat Abhiyan is a cleanliness campaign run by the Government of India and initiated by the most respected Prime Minister. It is also called Clean India mission or clean India drive. It is a national level campaign to cover all backward statutory towns to make them clean. This campaign involves the construction of latrines, promoting sanitation programmes in rural areas cleaning streets , roads and cleaning the infrastructure of the country to lead the country ahead. This campaign was officially launched by the Prime Minister Narendra Modi on 145<sup>th</sup> birth anniversary of Mahatma Gandhiji. Under this campaign delivered by many people. Cleanliness initiative has been started by the Uttar Pradesh CM (Chief Minister) Yogi Adityanath in Mrch 2017. He has banned chewing paan parak and other tobacco products in the government offices all over Uttar Pradesh, Our country needs more 30 years to become like United States of America but if we develop all roads , buildings and sanitations other things our can be developed even more earlier.

1. CLEANLINESS INDEED IS NEXT TO GODLINESS.
2. CLEANLINESS FROM INSIDE AND OUTSIDE HEALTH AUTOMATICALLY WILL RESIDE BOTH SIDES.

CLEAN CITY GREEN CITY YAH! MERI DREAM CITY

I love my country and will make my country proud one day. We Indians will achieve everything in our life. Life is like a question paper , do not waste like a tissue paper. One day we Indians will be in the top that no one could be in the world. I think Swatchh Bharat campaign will make Indians on top one day and BEMLNAGAR will surely be a clean town.

BEML NAGAR

PROUD TO BE A BEMELIAN

CLEAN NAGAR

GREEN NAGAR

## **ESSAY (BHAVANA.N)**

Swachh Bharath “ Clean India Green India” . It was the mission and dream of Mahatma Gandhiji. He was a freedom fighter with lots of goals and ambitions and his one of the goal was Swachh Bharat he wanted to see our country as a clean & green country. India was also ranked 10<sup>th</sup> position in cleaning. Mahatma Gandhiji also said that “ Nothing gives a fearful man more courage than & their ‘s fear “ . But our flag rises high in the sky because our Prime Minister Shri Nrandera Modi has launched Swachh Bharath Abhiyan in the month of October 2<sup>nd</sup> . In order to fulfill our dream as well as of Mahatma Gandhiji our Prime Minister had launched Swachh Bharath Abhiyan. Swachh Bharath Abhiyan means a step forward to clean our India . We are very proud to be an Indian because we can step forward & clean our India. It is our India green & clean. Our country is lke a motherland why cannot we come forward to clean our motherland (India). On October 2<sup>nd</sup> our honourable Prime Minister had cleaned all the places & also said that every one has the right to keep our India clean& green. On this day in many schools, hospitals , homes they keep the surroundings green & clean. Not only on this day, everyday we should clean our class rooms, houses etc. (On mothers day only we should love mother. Why cannot we love our mother everyday)) like this only we should keep our surroundings clean & green. Everyday we should not be so careless like if anyone throws a paper on the surroundings (like ground, park, classrooms etc) if we see the paper and we should pick the paper and throw it in the dustbin and we should always advice our classmates etc not to throw the papers on grounds etc & we should always use dustbins in order to throw the papers in thast not only to keep clean in our surroundings we should also be clean & neat. If we cannot clean our surroundings we can get diseases like malaria, typhoid etc. If we don't clean our surroundings the will be chances for mosquitoes to breed & hence forth we should clean. Even we should see that our rivers, dams are protected. Our one of our river Ganga had been polluted from plastic, human waste, animal wastes etc. Who is responsible for this. We are only responsible for this . If Ganga river had not been polluted it can be used by the farmers to irrigate their land. If they irrigate their land they can ensure good crop has been grown. We should protect all this land, rivers etc. If it is polluted we are the one who is going to face more and more problem. We should step forward & clean. We should avoid using plastic bags because it is very acidic and it is very harmful for us. Instead of using plastic bags we should use jute bags etc. There should also be program's that gives awareness about Swachha Bharat mission so that people change their habits & clean their surroundings neat and clean.

We should always think positive . In cleaning our mother land. If we be careless & think that why should we clean it will affect us. Instead of facing more & more problems we can protect ourselves by cleaning our mother land. We should advice our juniors how to keep our surroundings clean & green. They are the kings & queens of the future generation who are going to lead our country so if we advice them not to be careless in cleaning our mother land they prove themselves as a good citizen for the future generation. We have rights to clean our country. Not only to clean our surroundings we should also clean our body etc. We should always be physically , mentally & clean our country. India has lots of natural features & make it colorful. If we clean our surroundings we can get a positive feeling make a man perfect. This enriches some happy feeling in his/her's life & sudden automatically the work will be done.

A man with lots of dreams makes him perfect . so dreams of on Swachh Bharath to become perfect. This programme gives us importance's & information's about cleaning our India we can know more about that. The awareness of Swachh BHarth Abhiyan should be taken in villages also. We should always advice villagers , people etc to clean their surroundings . The awareness also should be pass on school going children's, teachers etc. so that they come to know what is this mission & also should advice teachers to appoint the Swachh childrens in their classrooms. If this awareness is useful to us then why cannot we can follow this. This was a dreams of Mahatma Gandhiji he wanted to see India clean& green. Even he had fought with British to make our country Independence. He had struggled a lot to give independence for our country then why we cannot fulfill his dreams. If he was not there imagine about India. So we should respect him & his great sacrifice , hard work . come lets put our hand & unit other to clean our India. " Arise awake & stop not till the goal is reached ". Come forward a step forward to clean our India.

प्रिय माँ,

मैं यहाँ कुशल हूँ,आशा करती हूँ की आप भी कुशल होंगे। माँ आज हमारे विद्यालय में स्वच्छता व स्वास्थ्य के महत्व के बारे में बताया गया था ,मुझे अच्छा लगा व आप मुझे याद आ गई । मैं बहुत भाग्यशाली हूँ क्योंकि मुझे इतनी अच्छी माँ मिली है । जो कुछ आप कहती हैं व करती है ,घर व अपने को स्वच्छ रखने के लिए वहीं बातें हमें भी बताई गईं। अभी भी मुझे याद है ,जब मैं नाखून चबाती थी तब आप मेरे मुँह पर मारा करती थी ,इसी वजह से आज मैं स्वस्थ हूँ। वैसे भी आप बहुत स्वादिष्ट भोजन जो स्वास्थ्य के लिए अच्छा है वहीं पकाती है और मैं उसे खाती हूँ । आप जो पकाती है वह अमृत है ।"स्वच्छता ही पूजा के समान है " यह बात तो आप ने ही मुझे बताई है । इसीलिए आज मैं स्वस्थ हूँ और बीमारियों से दूर हूँ । मुझे विश्वास है की अप्पू भी स्वस्थ है । मुझे आज स्कूल में स्वच्छता का महत्व बताते हुए पत्र लिखने को बताया गया था ।पर मुझे पता है कि आपको इसकी जरूरत नहीं है ।पिता जी कैसे है ? मेरा उनको प्रणाम । आपके पत्र का इंतजार कर रही हूँ ।

प्रिय माँ,

आपको मेरा प्रणाम । आप कैसी है ? पापा कैसे है ? क्या घर में सब कुछ ठीक-ठाक है ? आशा करती हूँ की सब कुछ कुशल मंगल होगा । आज हमारे विद्यालय में कुछ विद्वान पधारे थे जिन्होंने हमें बहुत कुछ बताया जो हम नहीं जानते थे । उन्होंने बताया कि स्वच्छता का मतलब यह नहीं है कि सिर्फ पर्यावरण को साफ रखें बल्कि हमारे घर की स्वच्छता पर भी ध्यान दे । जब आप रसोईघर में काम करती हो, कपड़े धोती हो ,आदि ,इन कामों को केवल साफ-सुथरे ढंग से करना काफी नहीं है बल्कि काम ऐसे करो जिससे पर्यायवरण को हानी न पहुंचे । मेरा मानना है कि औरतें घर को साफ रखने के साथ-साथ पृथ्वी को स्वच्छ बनाने में बड़ा योगदान कर सकती है । आप यह बात अपने पड़ोसियों से भी कह दे ताकि हम सब मिल कर अपने देश भारत को स्वच्छ एवं भारतवासियों को स्वस्थ बना सकें । आशा करती हूँ कि आप इस बात को जरूर ध्यान में रखोगे ।

धन्यवाद ।

प्रिय माता जी ,

आप सब कैसे हो ? मैं यहाँ पर ठीक हूँ |मेरी पढ़ाई ठीक चल रही है | मैं स्कूल की साड़ी गतिविधियों में भी भाग ले रही हूँ | पिछले सप्ताह स्वच्छता पखवाड़े के अंतर्गत हमारे विद्यालय में बहुत सारी प्रतियोगिताएँ और कार्यक्रम आयोजित किए गए थे ,जहाँ मुझे एहसास हुआ कि स्वच्छ भारत सिर्फ एक मिशन नहीं है बल्कि हर भारतीय की जिम्मेदारी है | यह कार्यक्रम दूसरों से अलग था | यह प्रतिज्ञा से शुरू हो कर दूसरी ही दिशा में चला गया | हम छात्रों ने कागज़ की थैली बनाई ,कक्षाओं को साफ किया ,पौधे लगाए एवं दूसरों को स्वच्छ भारत बनाने के लिए योगदान करने के लिए प्रेरित किया | मंगलवार को डाक्टर अश्विनी बच्चों के बीच जागरूकता पैदा करने के लिए हमारे विद्यालय में आई | उनका भाषण न केवल ज्ञानवर्धक था बल्कि प्रेरणादायक था | इस तरह कई कार्यक्रमों के माध्यमों से भारत को स्वच्छ कैसे बनाया जाय इसकी जानकारी मिली |

माँ ,मैंने अपने कमरे को साफ रखा है क्योंकि यह अब मेरी आदत बन गई है | अब मैं अपने भारत को सुंदर बनाना चाहती हूँ क्योंकि यह मेरी जिम्मेदारी है न की मेरे अध्यापक कहते है | अब यह मेरे योगदान का समय है |

रात में केवल एक तारा नहीं होता है ना बल्कि बहुत सारे होते है जिससे रात का अँधेरा मिट जाता है | उसी तरह अगर आप ,पापा राशि ,मैं मिलकर कोशिश करें तो भारत को भी चमकाया जा सकता है | सोच रहे हो की आपकी बचकानी बातें करनेवाली बेटी अब बड़ी-बड़ी बातें करने लगी है | पर सच यही है की अब छोटी-छोटी बातें ही बड़े परिवर्तन ला सकती है |वैसे भी अब मैं युवा बनने वाली हूँ | आप जानते ही है की अगले महीने मैं अपना सोलहवा जन्मदिन मनाने जा रही हूँ | तोहफे में मैं चाहती हूँ कि हम दोनों मिलकर एक पौधा लगाए और धरती को हरा-भरा बनाए |

तुम्हारी प्यारी बेटी ,

## अलविदा

छात्र थे, हम इस स्कूल के  
पर अब तो चलना होगा ।  
नई मंजिलों की खातिर  
इस स्कूल से निकलना होगा।  
याद है वह पहला दिन  
जब हम इस स्कूल में आए थे।  
खुशियाँ छाई थी चेहरों पर  
दोस्त से जो प्यार मिला  
खाली झोली में भरना होगा ।  
गुरुजनों के चरणों के,  
पनपे ज्ञान गुणों से चमक उठे ।  
अब आँसू है, इन आँखों में,  
कुछ प्यार भरी यादें दिल में ,  
जीवन पथ पर बढ़ना होगा ।  
इस स्कूल से निकलना होगा।

यह प्रकाश फैलाता है।  
उसका जीना ही जीना है ।  
जो काम सभी के आता है ।  
सूरज निकल मिटा अंधेरा,
