

JOURNEY TOWARDS A GREENER AND CLEANER SCHOOL

SCHOOL TYPE	GOVERNMENT
ESTABLISHED	1982
AUTHORITY	MINISTRY OF HUMAN RESOURCE DEVELOPMENT
PRINCIPAL	Dr.(Smt)RUBINA M R
NUMBER OF STUDENTS	1270
CLASSES	I TO X
WEBSITE	www.bemlnagar.com , www.bemlnagarkolar.kvs.ac.in

INTRODUCTION

The present Green status of KV BEML Nagar was assessed:

- The green cover in the Vidyalaya encompasses 400 trees , 200 saplings, a medicinal garden and 700 potted plants.

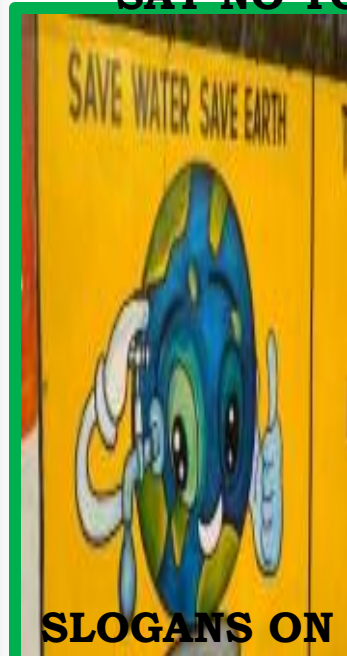

CONSERVATION OF WATER

AWARENESS PROGRAMME

To conserve water, a rainwater recharge pit has been set up, outlet water from RO systems is reused.

SAY NO TO PLASTIC

SLOGANS ON THE COMPOUND WALL

ENERGY EFFICIENCY AND WASTE MANAGEMENT

For Energy efficiency LED bulbs are installed in a phased manner

LED bulbs are ideal for green solution ,as they are mercury free generating less heat and low consumption of electricity with low billing.

Waste is segregated into Biodegradable and Non-biodegradable waste and leaf waste and paper waste are composted using earthworms in two separate bins into nutrient rich vermicompost

Health and Hygiene

**Health
check up**

**First Aid
training**

**Yoga
Practice**

Acid Wash of toilets
